OIL & HAZARDOUS MATERIALS SPECIALIST II

Opening Date: February 5, 2016

Closing Date: February 19, 2016

Location: Augusta

Position #: 08300-1773

Position Type: Permanent Full Time

Class Code: 9258

Grade/Salary: 24 \$38,667.20 - \$52,416.00

The Department of Environmental Protection, Bureau of Remediation and Waste Management, is seeking to fill an Oil & Hazardous Material Specialist II vacancy in Augusta.

BRIEF JOB DESCRIPTION: This position verifies compliance with asbestos and lead regulatory standards, responds to complaints, provides technical assistance to the regulated community and general public, and assists other state agencies and municipalities in responding to lead or asbestos issues. The position generates follow up reports documenting performed activities and drafts enforcement documents in consultation with enforcement staff. The position also implements safety and quality assurance plans, critically reviews environmental data to formulate and implement cleanups, and conducts quality assurance/control assessments of asbestos and lead professionals. The position must clearly communicate technical information to the public, regulated community, municipalities, general contractors, and building trades personnel both orally and in writing. For more information, please contact Jamie Tansey at (207) 287-7722 or Jamie.tansey@maine.gov.

MINIMUM QUALIFICATIONS: Candidates must have a Bachelor's Degree in Environmental Science, Chemistry, Geology, or other physical science and three years of experience in investigation, monitoring, or inspection work in an environmental science field including at least one year dealing with oil and hazardous materials technologies. Equivalent work experience may be substituted for education on a year-for-year basis.

Preference will be given to candidates with the following skills and experience:

- Experience applying federal and state laws and rules concerning management of asbestos, lead or other environmental pollutants;
- Experience in interviewing potential responsible parties and investigating releases of environmental pollutants; and
- Experience in oral and written communication of technical information to a wide variety of audiences.
